

### Food Processing:

The women of the SHGs and adolescent girls of the surroundings have included themselves in our Food Processing Training to enhance their skills and to find out possibilities of being self supported and to undertake group enterprises under the auspices of NAAMSM.

Topics	Expenses	No. of Trainees	
		Female	Male
Food Processing	18,100/-	80	--

### Personal Hygiene:

Villagers have been suffering from lack of health care knowledge. So our training on personal hygiene is very essential programme for our villagers especially for the women members. For this reason we have conducted training programme on Health & Hygiene to increase the awareness level of the mothers regarding child health, hygienic food intake and maintaining hygienic environment in day to day life.

Topics	Expenses	No. of Trainees		
		Female	Male	Boys and Girls
Personal Hygiene	3,156/-	55	30	16

### Youth Leadership:

Unfolding the inherent skill, knowledge and experience of the youths is extremely necessary for sustainable development. If we look at the youths, we will find that there is no dearth of skill and knowledge among them. Only requirement is to unfold those skill and leadership quality and synergy those with the modern science. Therefore, emphasis has been laid on imparting training on youth leadership among the youth.

		Female	Male	Boys and Girls
Youth Leadership	4,550/-	22	18	--

## CULTURAL ACTIVITIES

### Games & Sports:

Games and sports it is not only physical exercise, it is a mental exercise, exercise of freshness, exercise of removing frustration. It increases concentration power for students and the youth. For this purpose we have organized sports event on football, khokho, kabadi and other.

### Annual Cultural Function:

We are working in much bigger field and in a complex cultural mosaic of various colours and shades. We maintained our cultural forms, organized every year annual cultural programme which was furnished with Tagore's Music, recitation, drama, drawing on social issue and regional cultural programme. This programme is held for two days.
